## Slim Line Ribbon Banner

Includes: 7 Straight Tubes  
2 Connected 3-Piece Curved Tubes  
4 U-Shaped Tubes  
2 90-Degree Tubes  
Carrying Bag

1

Match up symbols on each tube. They must be in the same direction and same side.

2

Mismatched symbols will not yield desired shape of tubing. Symbols must be in the same direction and same side.

3

To connect tubes depress the button and slip connecting tube over top and align with hole to secure.

4

Your product should look like this once together. If not, go back and check that all the symbols are correct and on the same side.

5

Slip graphic over the top and down onto the display smoothing as you go for optimal finish.
