Dear Distributors,

Welcome to Best Plush Inc. a custom toy designer and maker since 1988!

We specialize in supplying customized stuffed animals of every kind, uniquely designed mascots, and many other quality plushies in varying shapes and sizes for nearly any promotion or campaign. From design & manufacturing to import & delivery of custom-made exclusive plushies, we do all the heavy lifting to help your clients stand out from their competitors and get noticed!

This collection, as part of our Customizable Promotional Plush Catalog, displays over 200 exclusive teddy bear ideas and demonstrates how you can customize them for a project in the way you like. In addition to our bears, you can also use external designs as a starting point without concern for copyright, since the design will be modified and updated during customization.

Take advantage of our free design service that no competitor offers:

- The design or redesign is free.
- The modifications are free and unlimited.
- The preproduction sample is free.
- Your actual preproduction cost is \$0.

Rest assured that all plushies made in our factory network are of a high quality and fully comply with US CPSIA, ASTM F963 and CA Prop 65, along with social responsibility guidelines. With over three decades of supply chain experience, we can bring your custom order to any US destination in a timely and efficient manner.

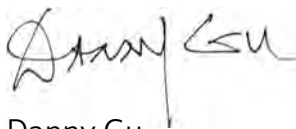

Under a custom project, your only job is to advise us of what you need or are looking for. We'll take care of everything until the made-to-order plushies are delivered to your satisfaction.

No cost is hidden. When you work with Best Plush Inc., you can count on the profit as exactly predicted.

In addition to factory-direct custom orders, we also stock a huge inventory of teddy bears that are ready to ship from NJ with or without a custom t-shirt, scrub, etc.

Thanks for your time! Please contact us whenever you need an easy, reliable source of affordable customized plushies!

Sincerely,

Danny Gu
President and Founder

Customizable Promo Teddy Bears

Introduction: Custom Bears vs. Stock Bears

As Part of Our General Catalog, This Collection Consists of Two Groups of Teddy Bears.

Custom Bears (Pages 11-24)

Displayed are 200 hot designs we developed with our distributors for recent custom projects. Feel free to choose them your reference ideas. Be sure to check out our “Featured Bears” pages for some useful guides, examples and advice.

All of the designs in this catalog are fully customizable. Modifications are free and ordering is easy and simple. See “How to Custom Order” on the next page.

Minimum quantity to order is 800 pieces (bears at 12” and taller) or 1,000 pieces if the bears are between 5” to 11” tall.

Our regular production time is 22 days for orders under 10,000 pieces. Transit time from China to LA is about 6 days via air, or 23 days via ocean.

If you need the bears in hands sooner, ask for rush service.

Stock Bears (Pages 25-39)

You can order as few as 60 Stock Bear pieces.

You can choose a bear with optional clothing and get a logo printed free.

Your order can be shipped from NJ as soon as today.

Why Custom Bears

Custom-made items mean that your client will stand out from the competition, and so will you.

Custom-made bears are proven to increase client conversion or retention which means big bucks for your client and you.

Most suppliers do either design, or manufacturing, or import. Actually many clients don't like to deal with several companies for one project. With Best Plush, Inc. offering full service, you can win a custom project much easier.

Three Levels of Customization

Level 1 Create from Scratch

No such plush exists yet. We'll hand-craft a prototype according to a rendering, or a reference image, like this Handyman in Service bear.

New creation is about 85% of our custom projects.

Level 2 Replicate with Updates

Improve an existing plush, like this Big Green Egg.

Level 3 Duplicate without Discrepancy

Recreate or duplicate a design, such as this Outlander Bear.

How to Order Custom Bears?

Teddy Bears May Be Sophisticated, But Custom Ordering Shouldn't Be!

3 Easy Steps | \$0 Preproduction Cost | We Do All Heavy Lifting | Fast Delivery | No Hidden Cost

1 Prepare a Non-Obligatory Quote

YOU: Describe the item you are looking for, with a reference image, a rendering or a description.

WE: Understand your project and build the quote, including:

- The item specifications and options,
- All related price and costs,
- The timeline of the production, import and delivery.

YOUR COST: \$0

2 Develop the FREE Prototype

YOU: Order the prototype after the quote is accepted. A prototype will serve as the pre-production sample upon approval.

WE: Draw the design, handcraft a sample and email you images and/or video.

YOU: Review the sample and request free modifications. If you would like to receive the physical sample, freight applies.

WE: Modify the prototype until you are fully satisfied.

YOUR COST: \$0

3 Order and Deliver

YOU: Order the plush product when you are ready.

WE:

1. Choose one factory from our network that best fits to make your plush.
2. Hire an independent CPSC-accredited lab to perform the compliance tests.
3. Import the order and deliver it to your destination as soon as 28 days.

YOUR COST: As quoted. No hidden cost is allowed.

Customizable Promo Teddy Bears

Introduction: Featured Custom Designs

Featured Design 1, Nutcracker Bear, Boston Ballet Mascot

The Project

Boston Ballet looked for an official plush mascot through Araca Group, an ASI distributor.

The Idea

Nutcracker Ballet Bear was created in 1995, and has now become Boston Ballet's mascot. The man-sized bear dances on the stage, greets guests in the Silberhaus parties at Citizens Bank Opera, and also makes appearances at business openings, holiday parties, and sporting events. Boston Ballet wanted to turn their Nutcracker Ballet Bear into a collectible plushie version.

The Design

Our 7th design was approved as the final preproduction sample in July 2022. Currently, 3,000 pieces of Boston Ballet Bears are being crafted in China and are scheduled to meet the Broadway Fancies in the coming holiday season.

While the Boston Ballet's Nutcracker bear is becoming an unofficial mascot, now our plushie bear is becoming the Boston Ballet's OFFICIAL mascot! We are bringing the Nutcracker bear on stage to life thanks to the client's uncompromising standards and our artisans' talents and skills.

1. Shape & Bendability

Our artisans needed to not only create the stuffed toy in the shape of the dancing Nutcracker stage bear, but also allow for easy bending of the limbs for perfect motion.

2. Custom-Made Fabric

The greater challenge was matching original costume created in 1995 by the Emmy Award-winning designer David Walker and then updated by Boston Ballet's Costume Shop for Nutcracker. The fabric just wasn't available in any plush market, so we custom-made the fabric and named it "Nutcracker Fur."

3. The Special Collar

The greatest challenge was the collar, not because of the gold-red exact color match, but the two layers of tutu-like striped ruffles which needed to have the "ideal" overlap, feel soft and retain the shape and construction.

4. Custom Features

- Black & brown colored eyes
- Unique plush brown texture for the main body, velboa low pile, lighter brown plush for the face and paws
- Double-layered striped ruffle collar
- Brown leather paw pads
- Custom-designed removable hang tag
- Unique stitching at upper leg, to allow the bear to sit and pose easily
- Brown leather ballet slippers on feet

Boston Ballet Bear Quick Facts

- The bear measurement: 14" tall, top to tail
- Ordered: 3,000 pieces
- Item price: \$6.69 each
- Production time: 28 days scheduled
- Transit via ocean: 19 days estimated

Looking for a Mascot? Best Plush Inc is the answer! We can create a mascot based on any logo, product, tool, building, character, story, slogan, or other iconic object. We can start from scratch, replicate with ideal updates, or duplicate without discrepancy. **Contact us now for free advice!**

Customizable Promo Teddy Bears

Introduction: Featured Custom Designs

Featured Design 2, Heart's Home Journey Bear, for Fundraising Campaign

The Project

It was a fundraising drive for the Teddy Bear Cancer Foundation for Children in Santa Barbara, CA, launched by Hal Price.

The Idea

Hal wanted a kid-friendly plushie to resemble "Eli Benjamin Bear", a character of his book *"The Heart's Journey Home."* He reached out to us through an ASI distributor and chose our Bear AB091 as a starting point.

[Our Bear AB091](#)

The Design

Hal was happy with our 5th design and ordered 1,500 pieces of [high-end custom-made teddy bears](#).

Kid-Friendly Huggable Companion

- Removable Hero Eye Mask!
- Polyester cape with easy-open tie, available in other colors.
- A heart-shaped decorative pocket was embroidered on the belly. The pocket is functional with a vertical opening and velcro closure, perfect for saving small treasures, toys or keepsakes!

- Changeable to a removable T-shirt, with the logo printed on it.
- CPSIA compliant: safe use for children.

Promo-Friendly Design

- The look and feel gives quick recognizability to the character Eli Bear, promoting the author's book for the fundraising drive.
- Hero cape offers a huge area to place a logo and message.
- The big red heart reminds people of the book name *"The Heart's Journey Home."*
- The character's name "Eli" was embroidered on the paw.
- Large logo and fundraising drive info displays on the permanent sewn-in-label and removable hang tag.

Classic Teddy Creation

- Medium brown and long piled plush for the main body and outside of the ears, head, arms, and legs.
- Light brown and short piled plush for the ear insets, eye background, snout, belly, and foot bottoms.
- Red heart and cape.

Quick Facts

- The bear: 12" tall, top to tail
- Item price: \$4.99 each
- Production time: 25 days
- Transit time: 17 days
- Delivered: 1,500 pieces

Got a Possible Project?

Advise us of your needs:

- Send a reference image.
- Or submit a rendering.
- Or contact us for free advice.

We do all heavy lifting until the delivery.

Customizable Promo Teddy Bears

Introduction: Featured Custom Designs

Featured Design 3, “Pull Up a Chair” Bear, VisitPITTSBURGH Mascot

The Project

In 2019, VisitPITTSBURGH launched a national campaign entitled “Pull Up A Chair” to showcase its inclusive, welcoming, and friendly nature in a creative way. Working together with an ASI distributor and the city of Pittsburgh, we created the Welcoming Bear.

The Idea and Design

A huggable bear which welcomes all visitors on behalf all Pittsburgh residents and encourages tourists to visit the area.

- Warm high-piled hair in gold, the city color.
- Standing, with wide open arms, ready to hug every visitor
- Sewn eyes for safe use for all ages.
- Huge slogan “Pull Up a Chair” embroidered on the belly cannot be missed.
- CPSIA compliant: safe use for children.

Logo on Belly

A Most Economical Decoration

Among all the branding methods, using the belly is the most economical. Compared to the expensive decorations such as a fancy t-shirt or uniform, a logo-on-belly plushie may look simpler, but it can also create strong branding awareness since the logo is what is focused on.

Recent Similar Projects

Take a quick look below at our recent custom projects with the logo presented on the belly:

Geico Insurance

NYS Fidelis Care

UMC Hospital

With or without a logo on the belly, however, many clients like to have extra decorations, because the belly is a small space and the extra decorations on the head, neck, body or feet offer a rich look and feel.

Honeywell Space Nerds

Bluegrass Hospitality

Got a Possible Project?

Customizable Promo Teddy Bears

Introduction: Featured Custom Designs

Featured Design 4, Big Green Egg Bear, a Grill Product Mascot

The Project

Big Green Egg reached out to us through an ASI distributor to replicate its official plush mascot which is based on its client's top seller, the Green Egg Grill.

Big Green Egg has repeated the order for this plushie three times, each time with some minor updates.

"Mr. Egg",
the mascot
of Big Green Egg

The Design

The end result was a happy, dancing plushie that promotes the company's "Ultimate Cooking Experience", continues the recognizability of the brand and reaches an audience with the logo and features of the grill prominently displayed in a fun way.

Brand Recognition

- The actual grill shape with a Large logo embroidered on the front facing
- "The Ultimate Cooking Experience" slogan embroidered on the back
- Adorable limbs in bright yellow with white hands and red feet
- Fun and happy appearance through embroidered eyes, mouth, tongue, eyebrows and other cute expression features
- Green body that matches the color of the Green Egg Grills

Showing The Grill Features

- The patented vent cap for air flow control is shown at the top along with the temperature gauge
- Air-tight ceramic cooking chamber and lid represented behind the logo
- Patented flow draft door embroidered below the face

Quick Facts

- Design type: replication
- Copyright: belongs to client
- Item size: 10" doll, top to tail
- 1st order/2018: \$3.35 each, 2,016 pieces
- 2nd order/2020: \$4.39 each, 1,900 pieces
- 3rd order/2022: \$4.59 each, 2,000 pieces

Plush Copy and Replication

If you own the copyright, we can copy it. If you don't own, we can replicate it with necessary updates to avoid copyright infringement. As always, design and modifications are free.

- Copy a sample: 1 day
- Copy an image (no sample): 2 days
- Replicate with minor updates: 2 days
- Production: 20-25 days
- Import and delivery: 10-30 days
- Sameness guarantee: 100% if a sample is given or 95% if no sample is given.

Need a Product Mascot Created?

We've created mascots for many iconic companies, see below some of our proudest plush creations! With over-30-year experience and reliable factory network, we can assure an easy and happy made-to-order experience. Contact us today!

Customizable Promo Teddy Bears

Introduction: Featured Custom Designs

Featured Design 5, Cool Tank Bear, Autosshops' Summer Giveaway

The Project

TGK Auto Specialties with 20 workshops reached out to us through an ASI distributor. They wanted a promotional keepsake item for kids and adults, with a "summer promo" theme. Our bear AB114 was selected as a starting point.

Our Bear AB114

The Idea and Design

A teddy bear that is sitting upright and can be placed in a car, on a desk or any other top of flat surface – with open, huggable arms and soft plush appearance. 3,000 of the bears at 8" tall were ordered.

- Curved hair, high-piled for comfy hugs
- Sunglasses that can be lifted up over the eyes
- Summer themed: wearing sunglasses and tank top (not a t-shirt or hoodie)

- CPSIA compliant for safe use for age 3 and up – tested by an CPSC-accredited lab
- Logo and company website is printed on the tank top

T-shirts/Clothing: The Most Popular Decoration

Teddy bear can come with numerous designs, styles, sizes, and colors – which also applies to clothing! Could you imagine how many different unique combinations you can create? With almost unlimited choices, your custom design guarantees a perfect branding match while staying within budget, helping you win the project. In addition, t-shirts & clothing offer a rich look and an ample space for your logo or other message to be printed or embroidered. Below are some of our recent bears with unique clothing designs!

Recent Projects: Simple Clothing

Got a Possible Project?

Please contact us for free advice or check out Bears with T-shirts/Clothing section for even more inspiration.

Customizable Teddy Bears

Logo on T-Shirts/Clothing

T-shirts & clothing are the most popular decoration and logo destination because the variety of styles and colors are very expressive and can be easily customized.

Our T-shirt and clothing bears have unlimited styles, designs, and colors. So does a custom bear. When a custom bear wears custom clothing, your promotional teddy will be even more expressive and attractive, making a perfect branding match much easier at a flexible cost. It also offers plenty of space for a logo and other message. This is why bears with t-shirts or clothing are the #1 choice of decoration and logo destination for a promo plushie.

Quantity Break: 800/2,500/5,000/10,000 Pieces | Item Size: 6-12" and Custom | Production Time: 23 Days

Every stuffed animal can be designed to have the logo (including a branding message) printed or embroidered on the belly. If a sample shown has a logo, emoji or other symbol on the belly, you can replace it with your logo. If a sample shows nothing on the belly, we can easily redesign the belly for your logo, too.

Among all the branding methods, using the belly is the most economical. Compared to the expensive decorations such as a fancy t-shirt or uniform, a logo-on-belly plushie may look simpler, but it can also create strong branding awareness since the logo is what is focused on.

It should be noted, however, that the bear belly is a small space. In addition, regardless of whether the teddy bear has a logo on the belly or not, many clients love to decorate the head, neck, body or feet as well. Please contact us for more details or check out Bears with Hearts, Bears with Products, Bears with Ribbons, Bears with Scarves, and Bears with T-shirts/Clothing for more inspiration.

Customizable Promo Teddy Bears

Frequently Asked Questions (FAQs)

1 The Basics

1.01 What is a custom order?

It is a factory-direct, made to order product. The items are made for one order exclusively. Under a custom order, you can get the plushie exactly as imagined and without limitations; compared to a stock order where you can buy the plushies warehoused in NJ, with or without optional t-shirts and scrubs.

1.02 How do I easily compare custom orders to stock orders?

The below table explains the differences between custom and stock orders from Best Plush:

Comparison	Custom Order	Stock Order
Minimum Quantity	800 Pieces	60 Pieces
Shipped From	Shanghai	NJ
Production	23 days	1 to 15 days
Transit	7 to 40 days	1 to 5 days
Decoration	T-shirt and much more	T-shirts and scrubs
Modifications to the Toy	Allowed	Not allowed
Size (Tall)	5" to 48"	6" and 8"
Unit Price	Less	More

1.03 Where are your products made?

Our products are made in Yangzhou City, one of the world's largest plush manufacturing centers, 140 miles north of Shanghai, China.

1.04 What is your MOQ?

800 pieces for items measured 12" or taller; or 1,000 pieces for items measured between 5" to 11" tall.

1.05 What is the turnaround?

For quantities up to 10,000 pieces, the regular production time is 23 days; the transit will be 7 days via air or 23 days to LA via ocean; the detailed timeline will be given in the free quote and our PO confirmation.

1.06 What is the 'ballpark' price of a typical plush item?

Subject to the design, craftsmanship and season, a teddy bear at 6" tall could be around \$2.09 each, FOB Shanghai, 10,000 pieces ordered.

1.07 What is the starting point of a custom order?

The starting point is the item information you provide such as a reference image, or a simple rendering or a physical sample.

1.08 What is my job in a custom order?

Your only job is to place the order. We will do the rest from the sample development, manufacturing, shipping and import through the delivery to the destination.

1.09 How much is my preproduction cost?

\$0.

Customizable Promo Teddy Bears

Frequently Asked Questions (FAQs)

2 Quotation

2.01 What is the custom ordering procedure?

Set up a non-obligatory quote, build the preproduction sample, and place the order.

2.02 Is the quotation free of charge?

Yes.

2.03 Is the quotation obligatory?

No. You can walk away at any time.

2.04 What's included in a free quote?

Included in the quote are the item description, price, freight, production time and transit time.

2.05 What information shall I provide to receive a free quote?

The item information (a reference image or rendering or sample), quantity, in-hands date and ship-to zip code.

2.06 How soon can I receive the free quote?

Usually within hours.

3 Prototype (Custom Sample) Development

3.01 What is your free design service?

The spec sheet is free. The prototype is free. Modifications are free. The preproduction sample is free.

3.02 What is a prototype?

It is a customized physical spec sample. Upon approval, the prototype becomes the pre-production sample.

3.03 Is the prototype free?

Yes! Freight applies if you'd like to receive the physical prototype.

3.04 How much a prototype is worth on the market?

\$500 to \$1,000. No companies are found to offer free design. Few companies provide unlimited modifications.

3.05 How can I order a free prototype?

You can order a free prototype once you accept the quote. As a show of good faith, please place a deposit of about \$199 that will be fully refunded when you place the product order.

3.06 How is a prototype created?

A prototype is hand-crafted by artisans in sample labs. It goes through eight typical steps: 1.) draw the pattern, 2.) choose the fabrics, 3.) cut the fabrics, 4.) embroider/print, 5.) sew the fabrics, 6.) stuff, 7.) review and reform, and 8.) QC and safety review.

3.07 Can you modify the prototype?

Yes.

3.08 How much does a prototype modification cost?

It is free.

3.09 How many modifications can I ask for?

It is unlimited until you are fully satisfied.

3.10 What are the three levels of prototypes?

Duplicate an existing item, update an existing item, or create a new item from scratch.

Customizable Promo Teddy Bears

Frequently Asked Questions (FAQs)

3 Prototype (Custom Sample) Development (continued)

3.11 What is a duplicate prototype?

You would like us to duplicate a sample item without discrepancy before we custom manufacture it for you. The sameness will be 100% if a physical sample is given, or 95% if no sample is provided.

3.12 What is an update prototype?

You would like us to modify an existing item before we custom manufacture for you. You can provide us the images or the physical sample, together with your modification list.

3.13 What is a creation prototype?

You would like us to create an item that does not exist. If you can provide a rendering, that is great. As in most cases, however, you can just send us a reference image from this catalog or other sources, along with your modification list.

3.14 What is the timeline of prototype processing?

1-4 days to duplicate an item; 3-5 days to create from scratch; 2-4 days to create a new version. Rush service is available.

3.15 How soon can a prototype be finalized?

For a duplication or replication of an existing item, most clients are satisfied with the initial version of the prototype; for a creation from scratch, the 2nd or 3rd version should be fine. We do offer unlimited modifications.

3.16 How can I review the prototype?

At your discretion, you can review the prototype via email of the images we provide and video, or you can receive the physical sample, or you can do both.

4 Order and Delivery

4.01 What happens after the order is placed?

We will review your order and issue the PO confirmation within one business day. Then the order will be processed as confirmed and you will receive timely updates. After the compliance test is completed, you will receive the report. When the order is received, you will receive proof of the delivery.

4.02 What is the PO confirmation?

The PO confirmation is a binding contract for the order and order processing. It specifies the terms and conditions that include the item specifications, price and fees, label and marks, and the schedule of payment, production, testing, inspection and delivery.

5 Price and Fees

5.01 Can I have a full list of my costs for a custom order?

The regular costs involved are the item price, setup charge, compliance testing fee, freight, duties, regular US customs clearance, and trucking to the destination. For your convenience, we can offer an all-inclusive quote with all related costs covered.

5.02 What is the 'ballpark' price of a typical plush item?

Subject to the design, craftsmanship and season, a teddy bear at 6" tall could be around \$2.09 each, FOB Shanghai, 10,000 pieces ordered.

5.03 How much is the setup fee?

About \$199.

5.04 How much does the safety compliance test cost?

About \$199.

Customizable Promo Teddy Bears

Frequently Asked Questions (FAQs)

5 Price and Fees (continued)

5.05 How much is the freight?

It depends on the item size, season, shipping method, and the destination. The ocean freight for 10,000 pieces of teddy bears at 6" tall delivered to Los Angeles, CA, for example, is about \$1,900 as of July 31st, 2022. The freight cost shall be given in the free quote.

5.06 What are the costs for the US customs duty?

It is insignificant to be worried about, as of July 31, 2022.

5.07 Can you explain the price displayed in this catalog?

Yes! The price displayed with each item is a list price, code R/C for ASI/SAGE distributors, FOB Shanghai, for the item's basic spec without a logo, assuming 10,000 pieces are ordered. Your exact price will be given in the free quote when the specification is certain.

5.08 What is your no hidden cost policy?

All regular costs are clearly specified in our quote and PO confirmation. No cost is hidden. So to start with, you can count on the profit as predicted.

5.09 What is your lowest price guarantee policy?

We pride ourselves to be the industry price leader. If our competitor offers a similar item for less, simply show us the quote before you place the order. We will match the price and also give 5% bonus discount.

6 US Laws and Regulations Invoiced

6.01 What are the major laws involved with custom plush?

Safety laws (CPSIA 2008, ASTM F963, CA Prop 65) and Copyright laws.

6.02 What is your policy in regards to compliance with the law? Best Plush Inc. strictly follows the requirements of all applicable laws along with social responsibility.

6.03 How do you assure compliance of the CPSIA, ASTM F963 and CA Prop 65?

Every custom plushie item supplied by Best Plush Inc. will be tested by a qualified independent lab for compliance with safety requirements, and the test report will be delivered together with the order.

6.04 What is the test lab's accreditation?

The test labs are independent. They are accredited by US CPSC.

6.05 Is there indication on the custom plush for the compliance with the laws?

Yes. A legal statement is sewn to the toy for the conformity to applicable laws and rules, together with trackable batch information.

7 Copyright of a Plushie

7.01 Who owns the design of a custom plush?

Unless expressed otherwise in our quote and PO confirmation, Best Plush Inc. reserves the copyright of the physical prototype and other samples created for a quote or order, except for duplicated items without any modification, and a licensed item that is stated as such to start with.

7.02 Can I ask you to create a plush based on a design not from Best Plush Inc?

Yes! It is normal that clients love a design found online or from other sources but would like to have a similar plush for promo or resale. If that is the case, you should advise us clearly so we can modify the design properly to avoid copyright infringement (the modification is free). As a general policy, we do not duplicate a plush without receiving a proper authorization; we are against copyright theft.
