

PLEASE READ CAREFULLY

Please check the layout (spacing, spelling, size, position...). The colors used for this proof are for guidance only and may not represent the exact colors printed due to the 4 color digital printing method. Due to variations in material, and ink opacity, exact color matching cannot be guaranteed. BIC will try to match your colors as close as possible.

 Small non-removable **QR code** will be printed on Side C, below the warning label on all runs below 12K units. Runs above 12K will not have the QR code.

Please note, there is a visible vertical seamline running from the top to the bottom of the sleeve (side C). It is covered in part by the warning label

*A warning label will be affixed to the back of the lighter which is required; this label may cover the side C imprint.
